

NEW YEAR'S RIDE 2009

Braving the cold and damp fog were 70 plus cyclists determined to circumnavigate Round Mountain before our toes turned numb. Armed with his camcorder, tripod and camera, Todd Drew photojournalled our ride from START to TOP. Close up and clear photos of runny noses witnessed the effects of the frigid temps. But waves and smiles told the real story.

A welcome sight at the TOP were KernWheelmen President Scott Guerrero and Time Trial Chair Kathy Day who warmed us with hot cocoa, tasty cookies, and friendly smiles. What a great way to start a New Year!

We are currently working on getting the video posted online and will let you know the link.

The New Years Ride 2009 DVD is also now playing at Action Sports and Finish Line.

Loud and thunderous THANK YOU'S to Scott Guerrero, Kathy Day and Todd Drew for making it a GREAT New Year's Ride 2009!
